Health Passport

You can use a health passport or hospital passport to give our staff important information about you.

It will help Hospital Staff know more about your needs, and how to care and support you.

If you have a health passport, you should give this to the staff on reception.

If you do not have a health passport you can get one from the hospital website or scan this code.

You can ask the staff on reception if you need a paper copy.

VIP Health Passport

My name is:

If I have to go to hospital or to health appointments this passport needs to go with me, it gives staff important information about me.
All staff that see me should be aware of this passport. Please take the time to read it.
This traffic light assessment belongs to me. Please return it to me when I leave.

My birthday is:

I live at:

My telephone number is:

Reasonable Adjustments

A reasonable adjustment is a small change that we can make, to make your health appointment easier for you. Please let us know if you need any reasonable adjustments. These might include

Being seen quickly because you find waiting difficult

A side room or somewhere quiet to wait

Including your family or carers

Looking at your hospital passport

Easy read information

Using numbing cream before blood tests

Giving you extra time

An interpreter such as British Sign Language
